8:45 am 0.75 hr	<p><b>The Top Five Cross-Border Legal Issues for In-House Counsel</b></p> <p>The legal aspects of international business have grown in number and complexity over the past five years. In-house counsel must prepare themselves for legal challenges beyond borders, and learn cutting-edge principles and techniques for managing risk across a host of time zones. To deliver superior value to their organization, in-house counsel increasingly must know not only “basic” legal principles in certain countries, but must understand how a host of countries’ laws and regulations inter-relate and impact what they do. You do not know what the future holds, but you do know that your value to an organization increases with a more sophisticated understanding of legal and regulatory regimes around the globe. Come to this dynamic, fun and interesting presentation and walk away more knowledgeable, more confident and inspired about what you do.</p> <p>Moderator: Jordan W. #### **Inside the Mind of the Whistleblower**

Formerly viewed as “skunks at a picnic,” corporate whistleblowers are experiencing an image makeover of sorts. For in-house counsel, this is not a welcome development. Essential to an understanding of the whistleblower phenomenon are the factors that encourage whistleblowing—financial, strategic, remedial, and otherwise—as well as the concerns and pitfalls that weigh against a decision to blow the whistle. These issues and more are examined from the perspective of that emerging breed of employee who morphs from company loyalist to the loyal opposition—presumably, with benefits.
