PREPARING FOR THE WORST

8:30 am
1.00 hr

Taking Your Incident Response Plan to the Next Level

An organization’s resiliency to a cyber-attack is critical to mitigating the operational, reputational, and legal impact of the incident. In this presentation, our presenter(s) discuss the steps organizations should be taking to take their incident response plans to the next level, including harmonization among various response plans, developing detailed Legal and Privacy playbooks, and conducting exercises that target the most challenging issues organizations face in cyber-attacks.

William R. Daugherty, Norton Rose Fulbright - Houston, TX

Top 10 Things to Do (or Not Do) in the First 48 Hours

Cyber incidents are stressful. They are a number of steps to take and some steps to avoid during the early stage of the response. We’ll work through some key “dos” and point out some important “do nots.”

Kevin D. Collins, Bracewell - Austin, TX

9:45 am
