Better to Ask Forgiveness than Ask Permission? Tech Startups and Disruptive Business Models

From the sharing economy to digital money, much of the business action in tech now involves innovation in highly-regulated industries—with products and services that may not fit into long-established rules. How do we navigate the legal and ethical issues when the business runs into a direct conflict with existing law, but management wants to press ahead?

Moderator:

Christopher T. Brown, Attorney at Law, PLLC - Austin, TX

Panelists:

Melissa Frugé, HomeAway - Austin, TX

Adam Goldman, Capitol Partners Consulting - Austin, TX

John C. Ricci, Green Dot Corporation - Pasadena, CA

Protecting Trade Secrets While Hiring from the Competition

Analyze the Texas Uniform Trade Secrets Act and its effect on theft of trade secret claims, with in-depth discussion of techniques for minimizing the likelihood of suit and maximizing the probability of success when hiring key talent from direct competitors. Explore the requirements of the Texas Disciplinary Rules of Professional Conduct as they relate to dealing with unrepresented and represented executives while they are still working for the competitor and during any litigation that ensues following their departure.

Ethics of eDiscovery

A discussion of best practices and ethical issues in handling electronic discovery during litigation. Judges share their philosophies concerning approaches to managing eDiscovery issues in their courts, including procedural issues, production disputes, noncooperation, noncompliance with court orders, proportionality, waiver, and use of special discovery masters. Hear recent developments in eDiscovery law, including legal holds, predictive coding, proportionality, discovery of social media and personal devices' data pursuant to BYOD policy, privilege preservation, sanctions, spoliation and obstruction. Gain practical insight on reducing unnecessary eDiscovery costs, best use of Rule 26 conferences, considerations in forms of production, and alternative review strategies in document-intensive cases.
