

20TH ANNIVERSARY WHISKEY TASTING AND CELEBRATION SPONSOR

Stahl, Sewell, Chavarria, Friend & Cohen, LLP | sbaustinlaw.com/

Since 2000, Stahl, Sewell, Chavarria, Friend & Cohen, LLP has helped clients build more than 30 GWs of solar, wind, energy storage, and gas-fired energy plants. The firm has worked on the development, finance, acquisition, and sale of energy projects in Texas, California, Oklahoma, Nebraska, and numerous other states. Its practice includes energy storage projects, LNG and Hydrogen projects, commercial real estate transactions, State of Texas sales/franchise tax planning and disputes, and Texas Public Utility Commission work. The firm's lawyers are experienced in preparing wind, solar, and energy storage leases and easements, and in working on purchase/sale/option agreements, property tax agreements, environmental matters, crossing agreements, BOP/EPC construction contracts, and mineral accommodation agreements. We analyze and resolve the myriad of legal, title, environmental, and survey issues arising in the development of energy and real estate projects. We work closely and collaboratively with project developers and financial parties to coordinate the real estate documents, governmental approvals/permits, surveys, title policies, and legal opinions necessary to close deals.

20TH ANNUAL
RENEWABLE ENERGY LAW INSTITUTE

EXCLUSIVE TUESDAY LUNCHEON

Troutman Pepper Locke | [troutman.com/](https://www.troutman.com/)

Troutman Pepper Locke helps clients solve complex legal challenges and achieve their business goals in an ever-changing global economy. As a firm of more than 1,600 attorneys in 30+ offices, including the 10 largest U.S. legal markets, we serve clients ranging from multinational companies to new market entrants across all major industry sectors, and offer differentiated experience in energy, financial services, health care and life sciences, insurance and reinsurance, private equity, and real estate.

Within these sectors and beyond, we offer comprehensive corporate, finance, litigation and dispute resolution, intellectual property, and government regulatory counsel to clients ranging from startups to global conglomerates.

Across our diverse practices, we have consistently delivered remarkable outcomes for our clients. From transformative transactions and bet-the-company trial verdicts to the advancement of innovative products and services, as well as the resolution of complex regulatory challenges, our results speak for themselves. While recognition from peers and industry observers is gratifying, the greatest reward remains the enduring trust our clients place in us — often spanning decades. <https://www.troutman.com/>

INSTITUTE SPONSORS

Bernstein Shur | bernsteinshur.com/

Bernstein Shur is a Portland, Maine-based law firm advising energy clients across the U.S. and around the world. Our interdisciplinary energy team has a wealth of experience in utility-scale and distributed generation wind, solar, hydroelectric, natural gas, and biomass transactions, including established and emerging energy storage technologies. We routinely act as lead and local counsel on energy projects and transactions throughout New England and around the world at all stages of the project life cycle, ranging from \$1 billion electric utility acquisitions to the development of 1-2 megawatt distributed generation projects. We are experienced in all aspects of project development, debt and equity financing, and due diligence, including title and site control, state and local permitting, regulatory, construction, property tax valuation, and environmental matters. But we're not just energy attorneys; we're also business partners for our clients, helping them get new products to market efficiently and cost-effectively and strategizing about the best ways to advance their long-term goals.

Cox, Castle & Nicholson LLP | coxcastle.com/

We are one of the largest full-service law firms in the nation dedicated to the real estate sector. Our expertise spans all facets of law relevant to the real estate industry and to businesses with real estate needs. We help our clients navigate their most significant and complicated matters and pride ourselves on delivering the highest-quality legal services.

Cox Castle was founded to serve the legal needs of clients in the real estate and construction industries. Building on that foundation, today Cox Castle's practice spans the transactional and litigation needs of a broad range of clients involved in the real estate sector. Our decades of experience and in-depth knowledge of real estate and related law give us the unique ability to efficiently handle virtually all facets of our clients' legal needs.

FOLEY & LARDNER LLP

Foley & Lardner LLP | foley.com/energy/

Foley's Energy Industry Team helps clients address regulatory and legal concerns to keep their traditional and renewable source projects on track. Whether you are a company whose core business is energy or you are handling projects that involve some facet of the energy industry, Foley's Energy attorneys are key strategic partners—from due diligence, negotiation, and regulatory approval to closing. We have a long history of successfully managing energy projects and financings, particularly involving renewable fuel sources such as onshore and offshore wind, solar, hydro, geothermal, biomass, ethanol, and biodiesel. Our services to the renewable energy market are comprehensive and include permitting, community relations, land rights, equipment procurement, construction, finance, power purchase arrangements, interconnection and project acquisitions, mergers, securities offerings, compliance issues, litigation, joint ventures, and divestitures. We are one of the most experienced law firms in structuring transactions to best utilize the federal production tax credit, the investment tax credit, and the grant in lieu of investment tax credit—the Section 1603 grant.

HAYNES BOONE

Haynes and Boone, LLP | haynesboone.com

Haynes Boone is among the fastest-growing firms in the Am Law 100, providing full-service counsel across sectors, including corporate, energy, financial services, real estate, restructuring, litigation, intellectual property and specialty transactions. The firm represents companies at all stages - many in the Fortune 500 and S&P 500 and hundreds that are well-funded, exchange-listed, privately held and/or in emerging-growth mode. More than 700 lawyers practice across 19 global offices in California, Colorado, Illinois, New York, North Carolina, Texas, Virginia, Washington, D.C., London, Mexico City and Shanghai. In 2024, Chambers USA ranked 35 firm practice areas, and Haynes Boone became the first Am Law 100 firm to earn Mental Health America's Gold Bell Seal for its industry-leading commitment to creating a mentally healthy workplace. The firm's power and renewables team advises clients involved in some of the most innovative renewable and alternative energy projects in the world, as well as traditional power generation projects. Our clients benefit from our broad experience in regulatory, environmental and transactional legal work and litigation, as well as our strategic planning advice regarding both regulatory and commercial risks. Our lawyers work with start-ups, investors, joint venture partners, power generators, power marketers, retail electric providers, independent power producers and electric utilities. Chambers USA, Chambers and Partners, ranked our firm among the leading law firms in 2024 in Energy: State Regulatory & Litigation (Electricity) - Texas. For more information, visit haynesboone.com.

Husch Blackwell LLP | [huschblackwell.com/](https://www.huschblackwell.com/)

With 900+ attorneys spanning 22 cities nationwide, Husch Blackwell provides counsel to national and global leaders in major industries across the United States. We have built our law firm around one idea: to lead our clients from where they are to where they want to be. Our clients demand the highest level of legal services, customized to fit their specific needs. To deliver these services efficiently and effectively, Husch Blackwell is structured by industry rather than by practice. Our Energy & Natural Resources industry unit includes more than 60 attorneys who devote their practice to guiding multinational energy companies through the complex business and regulatory issues facing today's energy companies.

Our guidance to clients in the energy and natural resources sector includes:

- Facility development and construction
- Mergers and acquisitions
- Project finance
- Power markets
- Permitting and regulation
- Safety and health

Morgan Lewis

Morgan, Lewis & Bockius, LLP | morganlewis.com/

From our offices in strategic hubs of commerce, law, and government across North America, Asia, Europe, and the Middle East, Morgan Lewis represents clients ranging from established, global Fortune 100 companies to enterprising startups. Our team of more than 2,000 lawyers provides comprehensive corporate, transactional, litigation, and regulatory services in major industries.

Clients with interests in the energy industry call upon our Chambers-ranked team to navigate the complex mix of global markets and regulation across six continents. Boasting a multidisciplinary energy industry team consisting of individuals who are not only accomplished in their legal disciplines, but also seasoned in energy-related matters, Morgan Lewis stands out among its competitors by offering “one-stop shopping” for clients involved in the energy industry. Our focus on energy enables us to stay ahead of issues and advancements so that we can respond to our clients’ needs with agility and speed.
