Chapter 11 filings- Local

WDTX up 30% through May 2018

EDTX down 39%

NDTX down 2% (up 116% last year)

SDTX up 53% (40% last year)

Means Test

- FY 2017, the USTP declined to file a motion to dismiss in about 63 percent of presumed abusive cases that didn't voluntarily dismiss or convert to chapter 13 .
- In FY 2006 the percentage of declinations was less than 35 percent
- Trend suggests objective criteria of the means test are well established and that counsel file presumed abusive cases primarily when they can satisfy statutory exceptions.
