The Future of Work: It's Already Here

The overwhelmed employee

The "average" US worker now spends **25%** of their day reading or answering emails

The average mobile phone user checks their device **150 times a day**. 60% check it each hour.

More than **80%** of all companies rate their business "highly complex" or "complex" for employees.

40% of the US population believes it is impossible to succeed at work and have a balanced family life.

Fewer than **16%** of companies have a program to "simplify work" or help employees deal with stress.

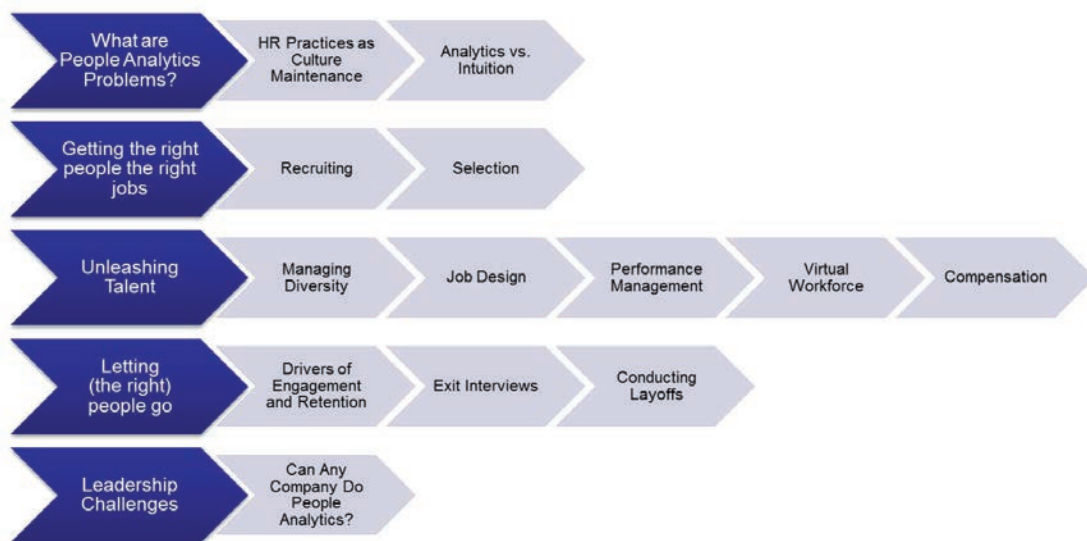

The "average" US worker works **47 hours** and 49% work 50 hours or more per week, with 20% at 60+ hours per week
