Environmental and Climate Planning at City of Dallas

UT Gas and Power Institute
September 2019

James McGuire
Director

Dallas Environmental Quality & Sustainability

Dallas Environmental Quality & Sustainability Programs

Air Pollution Control	Air Quality Initiatives	EMS & Internal Compliance
Municipal Setting Designations	Spill Response	Sustainability, Outreach & Education
Stormwater Management	Water Conservation	Zero Waste

Current City Emission Reduction Efforts

- 100% Renewable Energy Purchase
- Co-generation at DWU's Southside Wastewater Treatment Plant
- McCommas Landfill gas capture and re-sale
- ~1/2 of the total City fleet runs on alternative fuels or electricity (2,415 vehicles)
- LED lighting retrofits
- Love Field achieved Level 2 Carbon Accreditation from ACI and ACA
- Implementing nature-based solutions to mitigate urban heat island effects

Why Dallas is concerned about climate change…
