V.	CONCLUSION	31

REMOVAL INTO ADMIRALTY

I. INTRODUCTION

In the last few years, the potential removability of state-court maritime cases to federal court on the basis of admiralty jurisdiction — often described as “removal into admiralty”¹ — has become a “hot” topic in that small circle of people who care about admiralty procedure. The issue has long been a subject of debate,² but the majority view rejecting removal into admiralty had seemed reasonably well settled.³ Those favoring removal into admiralty, however, have recently seized upon the Federal Courts Jurisdiction and Venue Clarification Act of 2011⁴ to support their position,⁵ and they have found some support in the courts.⁶

In this paper, I do not intend to revisit the established debate on which so much has already been written. I instead evaluate the new turn that the debate has taken as a result of the 2011 amendments to the governing statute,⁷ and I consider how the issue may be resolved when the current litigation makes its way to the appellate courts.⁸

A. Admiralty Jurisdiction

In 1789, the First Congress passed the original Judiciary Act, which (among other things) created lower federal courts and granted them subject-matter jurisdiction over certain types of cases.⁹ Of particular relevance here, section 9 granted admiralty jurisdiction to the newly created federal district courts. The key statutory text provided:

The district courts shall . . . have exclusive original cognizance of all civil causes of admiralty and maritime jurisdiction . . . ; saving to suitors, in all cases, the right of a common law remedy, where the common law is competent to give it¹⁰

The law today, 225 years later, is substantially the same. In the current Judicial Code, section 1333(1) provides:

The district courts shall have original jurisdiction, exclusive of the courts of the States, of:

(1) Any civil case of admiralty or maritime jurisdiction, saving to suitors in all cases all other remedies to which they are otherwise entitled.¹¹

Congress has accordingly granted “exclusive” jurisdiction to the federal courts, but — under the so-called “saving to suitors” clause¹² — has preserved the right of “suitors” to seek other remedies elsewhere.

As a practical matter, the saving-to-suitors clause most commonly means that maritime plaintiffs may bring their actions (1) in a state court that, under its own jurisdictional rules, is

⁹ Act of Sept. 24, 1789 (First Judiciary Act), ch. 20, 1 Stat. 73 (1789).

¹⁰ First Judiciary Act, *supra* note 9, § 9, 1 Stat. 77 (1789) (current version codified at 28 U.S.C. § 1333).

¹¹ 28 U.S.C. § 1333(1).

¹² Professor Black describes the saving-to-suitors clause as having “slipped almost into the category of things inevitable and immutable — the sort of quasi-constitutional statutory law, change in which (despite theoretical susceptibility to the usual processes of amendment and repeal) one feels it almost impious to contemplate.” Charles L. Black, Jr., *Admiralty Jurisdiction: Critique and Suggestions*, 50 COLUM. L. REV. 259, 260 (1950).
