What is Cryptocurrency?

Is there more than one? What is blockchain?

The image shows a screenshot of the CoinMarketCap website. At the top, the logo and navigation menu are visible. Below the navigation, a table lists the top cryptocurrencies. The table has columns for Rank, Name, Symbol, Market Cap, Price, Circulating Supply, Volume (24h), % 1h, % 24h, and % 7d. The first two rows are highlighted with a red border. Below the table, a white box with a black border displays the total market cap and the last update time.

#	Name	Symbol	Market Cap	Price	Circulating Supply	Volume (24h)	% 1h	% 24h	% 7d

Blockchain

From Wikipedia, the free encyclopedia

A blockchain is a continuously growing list of records, called blocks, which are linked and secured using cryptography. Each block typically contains a cryptographic hash of the previous block, a timestamp, and transaction data.
