THE CAUSES

As the pace of DNA exonerations has grown across the country in recent years, wrongful convictions have revealed disturbing fissures and trends in our criminal justice system.

DEFINITION OF EXONERATION FROM THE NATIONAL REGISTRY OF EXONERATIONS

A person has been exonerated if he or she was convicted of a crime and later was either (1) declared to be factually innocent by a government official or agency with the authority to make that declaration; or (2) relieved of all the consequences of the criminal conviction by a government official or body with the authority to take that action.
