Who are contingent workers?

The Never-Never Girl.
(Invented by Kelly Girl.)

Never takes a vacation or holiday.
Never asks for a raise.

Never costs you a dime for slack time. (When the workload drops, you drop her.)

Never has a cold, slipped disc or loose tooth.
(Not on your time anyway!)

Never costs you for unemployment taxes and social security payments. (None of the paperwork, either.)

Never costs you for fringe benefits. (They add up to 30% of every payroll dollar.)

Never fails to please. (If our Kelly Girl employee doesn't work out, you don't have to be that sure of all our girls.)
