The number of high impact wells (frontier play tests and/or prospect bigger than 100 MMbbl or 1 tcf) that each NOC had an equity stake in outside of its home country from 2008 to the end July 2019. The nine most active NOCs in the period are highlighted in red and were in 84% of the total 270 wells in which non-domestic NOCs participated. (Source: Westwood Analysis)
