## Faculty Introduction

# Learner Objectives

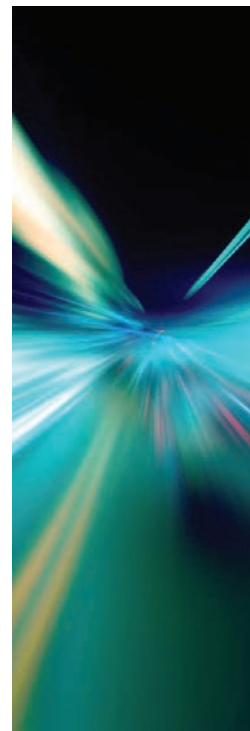

Upon completion, participants will be able to:

**Understand the types of distributions private foundations make**

**How distributions are characterized**

**The impact of distributions on**

- Section 4940 excise tax – **The law changed at the end of 2019!**
- Section 4942 qualifying distributions
- Non-charitable use assets (which drive the section 4942 required distributions)

## Private Foundation Distributions

How to properly classify and characterize
