INTRODUCTION

**Karla
Pascarella**
Partner

Ms. Pascarella is a Partner in Peckar & Abramson's Austin office, where she represents a range of international and domestic corporate clients and construction professionals. Her practice is primarily concentrated on construction law, corporate compliance and governance, and commercial litigation/complex dispute resolution.

Prior to joining Peckar & Abramson, Ms. Pascarella served as General Counsel for the North American affiliate of a \$2.1 billion international engineering, procurement, and construction company. As General Counsel, she oversaw the company's legal approach for all lines of business, including renewable energy and major infrastructure works.

Ms. Pascarella regularly manages domestic and international transactions and negotiates complex contracts for publicly and privately financed infrastructure projects. Fluent in both Spanish and English, she regularly handles multi-cultural transactions and disputes, and assists corporate clients with strategic legal decisions and global business matters.

ELECTRICITY GENERATION FROM RENEWABLES BY SOURCE WORLD 1990-2016

IEA Renewables Information 2018

"Many countries around the world are embarking on transitions to sustainable energy systems. Others are already well underway. These transitions will involve fundamental and interrelated changes in technologies and fuels used, infrastructure built, policies employed, markets and institutions."

Brazil convicts Odebrecht Group for slavery- like practices in Angola

RIO DE JANEIRO, Sept 1 (Reuters) - A Brazilian labor court convicted units of Brazil's Odebrecht Group of holding workers in conditions akin to slavery at an ethanol refinery construction project in Angola, Brazilian prosecutors said in a statement on Tuesday.

Judge Carlos Alberto Frigieri of the 2nd Part of the Labor Court of Araraquara, Brazil, ordered Odebrecht to pay 50 million reais (\$13 million) in damages.
