1. Electronic Discovery Reference Model

2. eDiscovery Strategy

- eDiscovery strategy needs to be tailored for each case.
- **Key strategic considerations:**
 - What evidence do you need to support your case/defense?
 - What evidence will the other side be seeking?
 - Which party has the heavier burden for eDiscovery?
 - Is speed on your side?
 - Do you trust the other side?
- **Strategy needs to be developed in conjunction with entire team:**
 - Attorneys and paralegals (both in-house and outside counsel), eDiscovery vendors, and forensic experts.
