Waltzing Matilda

- ❖ Waltzing Matilda – Name and melody mislead people
- ❖ Medicaid is similar in that the name, the historical reputation, and the restrictions mislead people.

Business Property Exclusion in Medicaid Cases

- ❖ Medicaid is a perfect example
 - Lay people tend to hold onto the \$2,000.00 in countable resources and the welfare model from 1965 and will not let go
 - But Congress changed Medicaid into a middle-class program (e.g., single person eligible to own \$603,000.00 in homestead equity) for people with substantial assets (with vestiges of a welfare program)
 - It should be called Medicaid for the Middle-Class or Middle-Class Medicaid.
- ❖ This presentation is about helping a client to exclude business property from being a countable resource
- ❖ Round Top Case
