# \*\*Will Reformation Under Texas Estates Code

Texas Estates Code § 255.451-455 allows for the reformation of a will when: "the order is necessary or appropriate to achieve the testator's tax objectives or to qualify a distributee for government benefits and is not contrary to the testator's intent."

Reform to include distribution to SNT instead of directly to Medicaid beneficiary.

SNT does not need a payback.

Section 255.453 of the Estates Code provides that the court may direct that an order modifying or reforming a will has retroactive effect.
