GOALS

- Examine innovations in health care delivery
- Understand the factors that precipitate innovations
- Identify the legal issues involved
- Explore how innovations are reimbursed

INNOVATIONS

- Hospital at Home
- Digital health
- Cash-based health care
- Cannabis

PRECIPITATING FACTORS

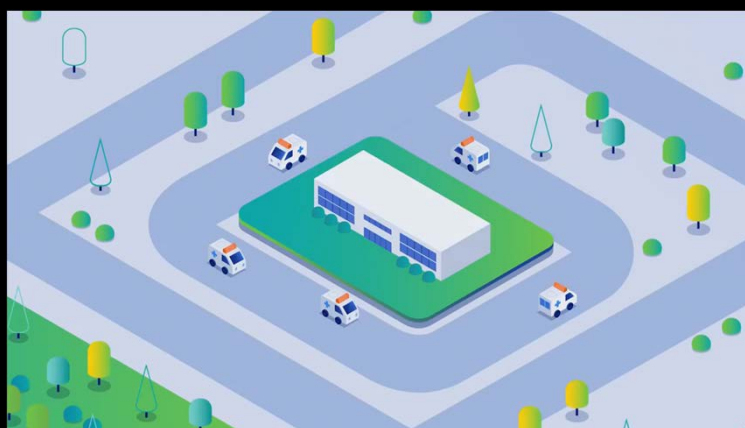

- Covid
- ACA
 - Narrow Networks
 - High deductible plans
- Health care consumer culture
- Advances in technology

LEGAL ISSUES

- Licensure
- Corporate practice of medicine
- Federal & state drug laws
- Fraud & abuse

*HOSPITAL AT HOME: INNOVATION

* Used with permission from Medically Home®
