(CNN) — A jury has found both [Amber Heard](#) and [Johnny Depp](#) liable for defamation in their lawsuits against each other. The jury awarded significantly more damages to Depp, a legal win for the actor.

Depp sued Heard, his ex-wife, for defamation over a 2018 op-ed she wrote for The Washington Post in which she described herself as a "public figure representing domestic abuse." Though Depp was not named in the article, he claims it cost him lucrative acting roles. Heard countersued her ex-husband for defamation over statements Depp's attorney made about her abuse claims.
