## Tip for General Partners of Texas LPs

When amending the Certificate of Formation/Registration to evidence a change to the name of a domestic/foreign entity that is named as the GP of a Texas LP, the SOS does not:

- Review the records to determine whether the entity is the named GP of a Texas LP
- Update the records of the Texas LP to reflect/reference the new name of the GP

To ensure the record of the LP remains accurate/correct, file a Certificate of Amendment to the LP's Certificate of Formation.

## Practice Tip for LPs Registered as LLPs

LLP registration record is shown as an “associated entity” with respect to the LP record (and vice-versa). However, each one is a separate filing record that maintains its own status.

When a domestic LP files an instrument that impacts the LP's existence, the LLP registration of the LP is not updated to reflect the filing of the instrument.

Consider filing a withdrawal of the LLP registration record when the existence of the underlying LP ceases due to a termination, merger, or conversion.
