Overview of ECAS

- What is the EOIR Courts & Appeals System (ECAS)?
 - ECAS was first introduced in July 2018 to phase out paper filing and processing, and to retain all records and case-related documents in electronic format. Now fully implemented at all immigration courts and the Board of Immigration Appeals (BIA), ECAS supports the full life cycle of an immigration case including: electronic filing of court and appeals documents, processing and receiving filings, maintaining electronic Records of Proceedings (eROPs), preparing case information, conducting a hearing, and adjudicating appeals, while providing cost and time savings for all parties.

What is a Case Portal?

- It's like an open electronic file with access to all the documents filed through ECAS and court documents.
- Divided by Bond Hearing and Removal Proceedings (you can't access EROP for Bond if your E-28 does not include both proceedings & vice-versa)
