# Agenda

- **Notable Third Party Cyber Attacks** – what they were and who was behind them
- **Tips and Tricks Before a Security Incident** – how to mitigate the risk and impact of third party incidents
- **Navigating the Response to a Vendor Breach** – unique considerations responding to a security incident not on your watch
- **Cybersecurity Regulation & Enforcement** - the latest from the three letter agencies on 3rd/4th party incidents
- **Litigation Risk** – Legal liabilities created by third parties

**“You can outsource the responsibility  
but you can’t outsource the risk”**

# Third Party Vendor Breaches

## Navigating the Response to a Vendor Breach
