Austin 2018-19: “Dockless mobility”

1. Austin City Council proposes to adopt rules allowing dockless mobility pilot program.
2. “Unicorn” companies Bird Rides and LimeBike flood the streets with scooters, refusing to wait for pilot.
3. City begins impounding, rushes to adopt regulations.
4. Rapid adoption, lots of accidents, City debates new rules.

MAY 19 Gather all Scooters from the Middles of Sidewalks and Burn them
