

Permitting and Registration in Mexico's Deregulated Power Market

PREPARED FOR THE UT LAW 16TH ANNUAL GAS AND
POWER INSTITUTE CONFERENCE, OCTOBER 5, 2017

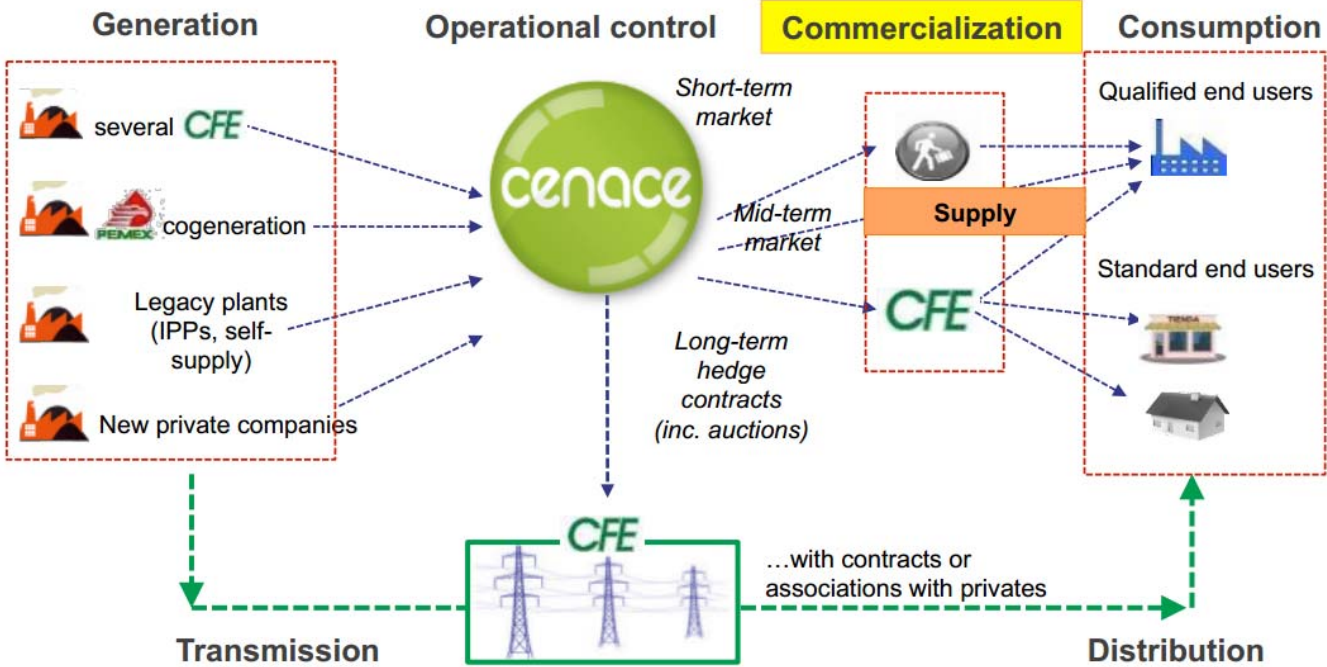

PRESENTED BY REBECCA K. BOLLENBACH, PARTNER

ESSENTIA ADVISORY PARTNERS LLC

RBOLLENBACH@ESSENTIAAP.COM

Mexico's Unbundled Power Market

Why Mexico?

SCALE

- 13th largest global economy
- Population - 120MM
- CFE Revenue above \$24B

HEADROOM POTENTIAL

- Average MX Industrial Rate: \$121/MWh
- Average US rate of \$68/MWh
- Investment requirements could exceed \$120B through 2027

U.S. POWER MARKETS

- Depressed NG prices
- Mature retail markets
- Continual decrease in renewable build cost
- CPP, other regulatory changes – opportunity uncertain
