TE LODGING

"Security and IT protect companies' data;  
Legal protects companies *from* their data."

## SUN TZU

### THE ART OF WAR

#### Ancient Cybersecurity Wisdom

- "In all fighting the direct method may be used for joining battle, but indirect methods will be needed to secure victory."
- "You can be sure of succeeding in your attacks if you attack places which are not defended."

## KEY FOCUS

- Cybersecurity and privacy law evolves to adapt but necessarily lags behind.
- Look to basic principles and objectives.
- Third party risk objectives focus on protecting—wherever and however—
  - Networks
  - Data

@Lonestar\_Lawyer

## Agenda

- Data Security Risks Presented by Third Parties
- Regulatory Expectations for Third Party Oversight
- How to Identify Gaps and Issues: The Oversight Process
- How to Address Issues and Changes
- Coordinating Oversight
- How to Avoid Common Mistakes with Oversight
