TE LODGING

"Security and IT protect companies' data;
Legal protects companies *from* their data."

SUN TZU

Ancient Cybersecurity Wisdom

THE ART OF WAR

- "In all fighting the direct method may be used for joining battle, but *indirect methods will be needed to secure victory*."

- "You can be sure of succeeding in your attacks if you attack places which are *not defended*."

- Cybersecurity and privacy law evolves to adapt but necessarily lags behind.
- Look to basic principles and objectives.
- Third party risk objectives focus on protecting—wherever and however—
  - Networks
  - Data

@Lonestar_Lawyer   Michael Best

Agenda

- Data Security Risks Presented by Third Parties
- Regulatory Expectations for Third Party Oversight
- How to Identify Gaps and Issues: The Oversight Process
- How to Address Issues and Changes
- Coordinating Oversight
- How to Avoid Common Mistakes with Oversight
