Graphics, Visuals, and *Tables*

2

Should I use a visual?

Merely decorative?

Clarify the analysis?

Images

They're often used in intellectual-property cases.

CAJA24681.

CAJA90143. As Apple's design expert testified, these similarities were "beyond coincidental," CAJA41409—they were intentional copying. This was confirmed at trial through Samsung's own documents, including the following comparison that included specific "[d]irections for [i]mprovement" to make Samsung's graphical user interface and icons more like Apple's:
