1

Medicaid Act

- Joint federal-state program to pay medical benefits for those in need
- "Medicaid is not a loan. If a Medicaid beneficiary's financial circumstances change and a beneficiary gains the ability to pay for his or her own medical expenses, the beneficiary is not obligated to repay the State for past expenses, no matter the magnitude of the change in circumstances. Rather, the ordinary consequence is that the individual simply becomes ineligible for benefits moving forward."

Gallardo v. Marstiller, No. 20-1263, slip op., at 3, 596 U.S. __ (2022) (Sotomayor, J., dissenting).
