## NO GUARANTEE

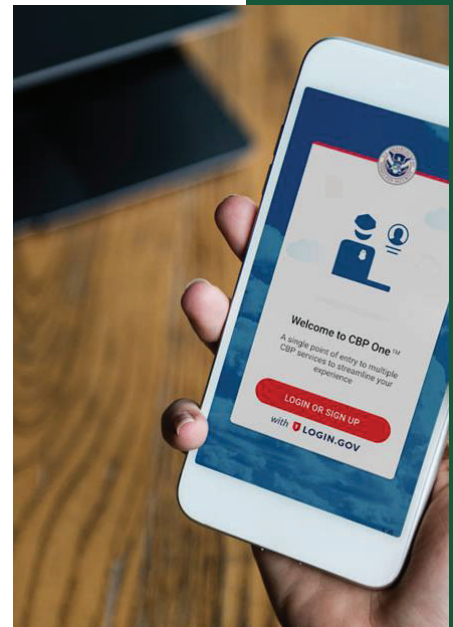

An appointment does not guarantee entry into the US. Various processing trends across POEs to include 212(d)(5) (humanitarian parole), OREC (Release on Recognizance), OSUP (Order of Supervision), Detention & Expedited Removal

## PAROLE PROGRAM

For certain nationalities seeking parole under special programs (Cubans, Haitians, Nicaraguans, Venezuelans), biometrics are also done through CBP One.

## PROBLEMS

Problems include legal validity of a technological requirement to establish legal rights; accessibility to the technology; functionality; family separation; protections for minors.

# What is Trauma and trauma-informed lawyering?

## Trauma

An experience that overwhelms normal systems of functioning.

Trauma is determined by our response to the event, not the event itself. It's defined by the experience of the survivor.

Severe trauma: impacts memory, logic, personality, and functioning.

Acute Trauma, Chronic Trauma, Intergenerational or Historical Trauma

Trauma-informed  
Lawyering leads to a  
more holistic and  
effective  
representation of  
survivors of trauma.

## Trauma Lawyering

When lawyers put the realities of the clients' traumatic experiences at the forefront in engaging with clients and adjust the practice approach informed by the individual client's traumatic experience.

Reminder: Each person is impacted by trauma differently.
