## **Representations and Warranties Insurance**

In traditional (non-insurance) deals, improving terms for buyer or seller comes at a cost to the other party.

By transferring risk from the seller to an insurer, R&W insurance potentially improves terms for <u>both parties</u> and simplifies negotiation over reps, warranties and indemnities subject to certain exceptions.

- · Broader reps and warranties
- Certain improved indemnification terms (e.g., broad loss definition and, subject to negotiated exclusions, fewer limitations)
- · Longer indemnity period (extends survival)
- May distinguish bid in auction or other competitive process
- Avoids post-closing adversarial proceedings/litigation with sellers (including management sellers)
- Reputational considerations for insurers should result in an easier claims process
- Provides security where there is concern over the ability to collect indemnification (including distressed seller context)

#### Seller advantages

- Much lower post-closing indemnification exposure
  - Generally not more than 0.5% of EV cap for non-fundamental reps
  - No seller indemnity (public style) deals more common
- · Avoid funds trapped in escrow at interest rate well below seller's hurdle rate
- Capability to build insurance into seller offering to achieve cleaner exit (pre-position lower escrows and indemnity caps)
- Provides option for reimbursement for indemnification obligation (seller-side coverage)

# Benefits and Uses of R&W Insurance

Most policies (over 99%) are Buy-side policies - they provide buyer with indemnification protection while allowing sellers to exit with minimal escrow/indemnity obligations.

Underwriting based on review of buyer's due diligence process.

olicies cover seller fraud – insurers ubrogation rights against sellers in case of fraud.

Covers breaches of Representations & Warranties for up to six (6) years postclosing.

Premium: One-time payment, typically in the range of 2.75 to 4.0% of limits insured (e.g., \$275,000-\$400,000 for a \$10 million limit) in the U.S. market (lower pricing in European market).

Ś

Retention: Minimum 0.5% to 0.7% of purchase price/enterprise value subject to carrier 'minimum requirements'

Retention funded either by a combination of the buyer deductible and seller indemnity (in acquisition agreement) or is entirely buyer funded. Typically reduces to match buyer deductible amount 12-18 months after closing (0.5% to 1% of enterprise value).

Public company-style/no-seller indemnity structures are very common.
