## ASSIGNMENTS

1. What are your company's most important trade secrets?
2. How many of your employees use Chat GPT or similar tech?
3. How badly would the FTC rule hurt?
4. If you had to get TRO tomorrow, could you?

## “TRADE SECRET”

**TUTSA:** Information, including a formula, pattern, compilation, program, device, method, technique, process, financial data, or list of actual or potential customers or suppliers. ...

**DTSA:** All forms and types of financial, business, scientific, technical, economic, or engineering information, including patterns, plans, compilations, program devices, formulas, designs, prototypes, methods, techniques, processes, procedures, programs, or codes, whether tangible or intangible, and whether or how stored, compiled, or memorialized physically, electronically, graphically, photographically, or in writing ...

## “TRADE SECRET”?

Under TUTSA and DTSA, a “trade secret” must:

- derive independent economic value, actual or potential, from not being generally known to, and not being readily ascertainable by proper means by, other persons who can obtain economic value from its disclosure or use; and
- be the subject of efforts that are reasonable under the circumstances to maintain its secrecy.
