1.00 hr

Demonstrative Evidence: Persuasion and Use of Technology

Do you understand the differences between demonstrative evidence, and demonstrative aids? Join Claude Ducloux in this one hour presentation as he explores the following: Use of Summaries, Statistics, Trial Demonstrations, and Simulations/Videos. He will discuss: appropriate planning, themes, learning styles, and the ethic boundaries and duties when evidence is incorrect, wrong, or just plain false.

Claude E. Ducloux, Attorney at Law - Austin, TX
