

# 2020 Renewable Energy Law Essentials

## December 11, 2020 • STUDIO WEBCAST

### Friday Afternoon, Dec. 11, 2020

2:00 pm 0.50 hr	<b>ALTA &amp; Title Basics (for non-Texas title matters)</b>  A quick look at ALTA and Title Insurance Basics for projects located outside of Texas. Every ALTA state varies slightly, but it's very important to know the basics before diving in.  Lacy McCormick, Thomas Title & Escrow - Houston, TX
2:30 pm	<b>5-Minute Break</b>
2:35 pm 0.50 hr	<b>Mineral Estate Issues in Solar Energy Projects in Texas</b>  Dive in to the various issues solar developers may face when developing solar projects in areas where mineral production is, or has been, active. Explore recent tactics developers have used to mitigate the risk associated with developing a solar project in an active mineral area.  Nikki Tate, Husch Blackwell LLP - Dallas, TX
3:05 pm	<b>5-Minute Break</b>
3:10 pm 0.75 hr	<b>Wind Lease vs. Solar Lease</b>  Although both leases have similar provisions, they also vary due to the nature of the installed improvements. Explore the similarities and the differences between the two leases.  Lisa Chavez, Wagstaff LLP - Abilene, TX
3:55 pm	<b>5-Minute Break</b>
4:00 pm 0.75 hr	<b>Power Purchase Agreements</b>  An overview of the different power purchase agreement structures, including physical PPAs, financial PPAs, hedges and others, and the considerations that go into choosing a particular structure.  Jennifer H. Martin, Stoel Rives LLP - Portland, OR
4:45 pm	<b>Adjourn</b>
